

# Audubon Adventures Summer Camp

An inclusive and nature-based experience for 4 to 8 year olds

## WHO WE ARE

Richardson Bay Audubon Center and Sanctuary's mission is to conserve and restore natural ecosystems by inspiring and educating our community, with a focus on youth, and by emphasizing conservation initiatives related to our sanctuary on Richardson Bay.

Our sanctuary is located in Tiburon on the shores of Richardson Bay and is comprised of 10 acres of uplands and 900 acres of bay habitat. We are part of a nation-wide network of National Audubon Society nature centers and sanctuaries.

Audubon's programs help children explore, observe, ask questions, and simply enjoy the wonderful wildlife found at our center and sanctuary. We welcome campers of all abilities.

## OUR COVID PRECAUTIONS

Summer camp COVID-19 protocols will align with state and/or county mandates and may change during the season. As of now, we are planning to require campers and staff to participate in a morning temperature check as well as wear a face mask and physically distance. Surfaces and equipment will be thoroughly cleaned and disinfected multiple times per day. For more information and the most up-to-date guidelines, please review our website.

## WASTE FREE SNACK AND LUNCH

One great way to protect nature is by reducing the trash we make! Audubon's programs help kids make connections between their everyday actions and their environment. You can help us by providing waste-free snacks and lunches everyday so we can significantly reduce the waste we put into our landfills.

As much as possible, please use containers to store food, instead of plastic bags; include water bottles instead of juice boxes; and add in a cloth napkin instead of a paper one. Label all items with your child's name so they go home each day with your child.

## THINGS TO KEEP IN MIND

- Camp begins at **9am** and pickup is at **3pm**.
- We are a **peanut and tree nut-free** summer camp.
- Campers get messy here! Please pack a full change of clothes and an extra pair of shoes.
- Backpacks, reusable water bottles, and hats are great for camp!
- Apply sunscreen every morning. (Do not worry - we will reapply multiple times throughout the day!)
